

# Voice for the Voiceless Thailand

September 2025

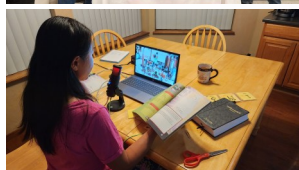

*Let the little children come to me. Don't keep them away. God's Kingdom belongs to people like them. Mark 10:14*

We can't believe that we have already been back from Thailand for seven months now. How time flies!

Since we have returned to the United States, we have presented what God is doing in Thailand to six different churches and two home study groups in Arizona and New Mexico. If your church leadership would like us to speak at your church please email us.

Even though we are in America, our ministry continues. We continue to have online English/Bible classes with our children. We average about 15 children every other Saturday morning (Friday evening in Arizona).

This is such an exciting time for Voice for the Voiceless Thailand. We have been blessed to be a part of Operation Christmas Child, a ministry of Samaritan's Purse. Most of you know this as the Christmas shoeboxes. We have been given 40 shoeboxes for us to distribute during our next trip, which will be January and February 2026. Part of Operation

Christmas Child is the 12-lesson discipleship program, *The Greatest Journey*. We began teaching this on July 25, 2025.

This November we will attend the missions conference in Phoenix put on by MissionWorks. This will be our third year attending this wonderful conference where we learn more about missions and hear better ways to operate. We believe we should never stop learning and never think that we know everything there is to know about doing missions in Thailand. This gives us the opportunity to network with others who have been doing missions for decades. We are also an associate member of MissionExcellence, a ministry of MissionWorks, which has established the seven standards of excellence in short-term missions. We are working towards accreditation in MissionExcellence. You may learn more about MissionWorks at [www.missionworks.global](http://www.missionworks.global).

When you give to Voice for the Voiceless Thailand your gifts are used to honor God in everything we do; we will use these funds only for His kingdom. This ministry would not be possible without the generous support of you, our donors and prayer warriors. Thank you so much for coming alongside us in this ministry.

*The mother of our 10-year-old girl, Noei, recently stated, "I have seen over the past few years how you guys are. I have been watching you and how you were with my nephew. You bring good things to our village. You always love our children. Hurry and build the learning center. My girl will be there every time you are open to learn."*

*One of our boys, 10-year-old 'Ungpow' has been coming to our studies for a few months. His father recently asked Ping, "What did you guys do to Ungpow? He has become such a calm and respectful boy. I wish you guys would teach more often."*

*Another 11-year-old boy named 'Not' has been with us for many years and received Christ a couple years ago. Recently he was scheduled to shave his head and become a monk for 21 days. This was not his decision, but his grandparents. We prayed against this decision. Not got a bad case of diarrhea and missed the monkhood ceremony, so God rescued him from this.*

*In our studies Not often asks about the difference between Christianity and Buddhism and why Jesus loves children. Please pray for Not and his 9-year-old sister, 'Now'.*

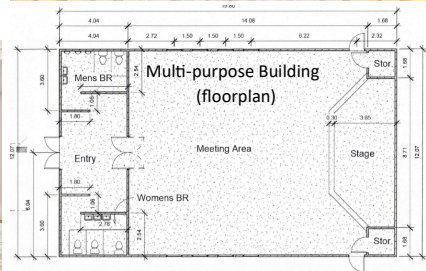

Our brother-in-Christ, Ping, has been a great help to us while we are back in the U.S. Ping drives two hours from his home to come to our village every other week to set up the AV equipment and to transport the children to and from the house. We are very grateful to Ping for dedicating his time to this ministry and to our great God for bringing Ping to us. Ping recently told us, "I have confirmation from God about serving with you guys. My business (a coffee shop) is doing so well and I have more time to serve. I feel really connected with the children and I have so much joy working with them."

Ping has also begun visiting the care-takers (usually grandparents) of our children who attend English classes. This is invaluable because it establishes and maintains the relationship with these parents. We are intent on reaching the parents and grandparents through their children.

As many of you know, Thailand and Cambodia were recently involved in armed conflict. More than 40 people were killed and hundreds of thousands were displaced in both countries. On July 28 a ceasefire was brokered by the United States and Malaysia, which is holding so far.

We have maintained ongoing relationships with the English teachers in the various schools where we serve. We have also been contacted by four new schools for us to gain entrance to this next trip.
