But to all who receive Jesus, who believe in His name, He gives the right to become children of God. *John 1:12a*

"Ungpow is a lot calmer now and he really looks forward to English classes on Saturday. He sets his alarm clock on Saturday morning and is very responsible. He has become much better since attending Tim and Ranu's classes."
-Grandfather of 11-year-old Ungpow

Here we are in Arizona already entering into autumn. With the trees turning their brilliant reds and yellows and the cooler mornings and evenings, this is a welcome change for us as we struggled through a hot Summer. We did, however see some very productive monsoons. We had several deluges, four of which washed out our beautiful backyard causing much damage.

Thailand has been experiencing massive flooding as well. With unrelenting rains, most of the rivers and canals have overflowed their banks and into the homes of the people there. Tina's sister, Arrom, whom some of you have met, had her house flooded in Bangkok. No cars or motorcycles could get in or out of her neighborhood. She has no food supplies and no ability to get out to get more supplies until the waters recede. Even if she could, the store shelves are empty. Thai people are not taught to prepare for disaster. Monitor lizards, snakes, and even alligators have been seen wandering the streets and neighborhoods.

Our village in central Thailand has also experienced flooding. This creates an opportunity for the children to play in the water. However, as many of you know, flood waters tend to be very toxic and dangerous. Even a minor open wound in this water can cause serious infection.

Years ago, we had the foresight to build up the ministry and personal property to a height that is safer from flood waters. Our property, by God's grace, has been nearly unaffected by the floods.

We continue to have online Saturday English classes with our children. As our brother-in-Christ, Ping, picks them up when it is raining the children get wet in the back of the Songtow. So, the ministry paid to have rain flaps installed on the sides of the passenger area. These can be rolled up when it is not raining. Many of our children do not want to miss English classes. They will even brave the rain to attend.

We will return to Thailand in December where we will stay for two to three months. We have also sent ministry funds ahead to Arrom so that she can purchase ministry supplies, (Gospel tracts, home visit food supplies, girls' purity class supplies, etc.) prior to our arrival. However, with the rains and flooding, the availability of supplies is scarce. When the supplies are available the prices have increased exponentially.

We continue to raise funds for the multi-purpose building (MPB). If you recall, this building will be used for church services, mid-week Bible studies, worship, after school programs, English classes, pro-life outreach, and many other activities. This will be an oasis of tranquility and peace where the Holy Spirit will be present as we are surrounded by the evils of Buddhism and other cults. Even though we met with a builder two years ago and received a cost for construction we will have to get a new estimate with current prices. While we wait for this building, we have decided to build a separate bathroom/ shower facility with girls and boys sides so that we can have more activities on the property. These can also be used for mission teams after the MPB is built but prior to missionary housing being built.

We look forward to our next mission trip to Thailand, December 2026 through February 2027. Thank you all for your financial and prayer support. God bless you.
